Product Technical Bulletin

PRODUCT NAME:	PART #:	PACKAGE:
Seal-It®	**70A**	16 oz.
	70	Gallon

PRODUCT CATEGORY:	COLOR:	SCENT:
Waxes, Polymers, & Sealants	Milky White	Solvent

ABRASIVENESS:
0 out of 10 (10 is highest amount of abrasive)

PRODUCT DESCRIPTION:
Seal-It® is a non-abrasive, high gloss polymer for use on clearcoat and conventional paint finishes. The unique, fast dry formula hazes quickly and leaves a rich, beautiful shine. Ideal for use on chrome. Extra long-lasting gloss and protection. May be applied by hand or with an orbital buffer. Can be used as a final-finish paint sealant.

DIRECTIONS:
Shake well prior to, and during, use. Product separates by design. For hand application, use a wax applicator in overlapping, circular motions. Allow to haze, then remove with a soft, terry towel. For orbital application, apply to a small area and buff to desired shine. Remove excess with a clean, soft microfiber or terry towel.

SURFACE APPLICATIONS:
For high gloss and added surface protection of clear coat, single stage, acrylic, lacquers, enamels, as well as powder-coated paints.

ADDITIONAL USES:
Excellent on RVs, boats, motorcycles, bikes, and other painted surfaces.

HELPFUL TIPS:
It is best to remove all surface contamination with the use of Clay Magic® detailing clay prior to application to ensure the highest performance of #70. This will also ensure easier application and removal. Do not apply polymer in thick layers. Rotate the towel as you remove the polymer.

SAFETY & HANDLING:
